Conditions of Admission.

No candidate will be admitted who cannot present satisfactory evidence of good moral character. Candidates from other Colleges must also bring proof of having been regularly dismissed therefrom.

The regular examination for admission to the College classes will be held on the day preceeding the beginning of the Fall Term, at 9 A. M. (See Calendar.)

1. Candidates desiring to begin the Course for the Degree of Bachelor of Arts, will be examined in the following studies, comprising the Classical Course in the Preparatory Department of this College. Fair equivalents in kind for any of these studies, will, of course, be accepted.

Latin Grammar, including Prosody.

Latin Composition, an amount equivalent to Parts I and II. of Harkness's Latin Prose Composition.

Cæsar, ... Four Books.

Cicero, ... Seven Orations.

Virgil's *Æneid*, ... Six Books.

Greek Grammar, (Hadley's preferred,) including Prosody.

Jones's Greek Prose Composition, ... Forty Exercises.

Xenophon's *Anabasis*, ... Four Books.

Roman and Grecian History, so much as is contained in the treatises of

Pennell, or in the well known History Primers.

Arithmetic.

Olney's University Algebra, ... Parts I. and II.

Olney's Geometry, ... Plane Solid and Spherical.

English Grammar and Analysis.

Rhetoric, an amount equivalent to that contained in Hill's Elements of Rhetoric.

History of England.

History of the United States.

Modern Geography.

Elementary Physics, so much as is contained in Avery's Elements,

Physical Geography.

II. Candidates desiring to begin the course for the degree of Bachelor of Philosophy, will be examined in all the studies mentioned above—except the Greek. For this will be substituted Outlines of History and Elements of Literature.

III. Candidates desiring to begin the Course for the Degree of Bachelor of Science, will be examined in all the studies mentioned above, except the Latin and the Greek.

In Latin, two years will be required, or an equivalent in a Modern Language; also Outlines of History and additional work in Elementary Science.

Each course in the Collegiate Department occupies four years.

STUDENTS NOT CANDIDATES FOR A DEGREE.—Students who do not desire to become candidates for a degree may be admitted to the college, provided they give satisfactory evidence to the faculty that they can profitably pursue the studies which they select.

General Information.

LOCATION AND BUILDINGS.

The University is located at Granville, Licking County, Ohio, in one of the most beautiful and healthful parts of the State, and almost at its geographical center. It is reached by the Ohio Central Railroad, which sends trains daily from Columbus to Toledo, passing through Granville. This road connects at Columbus with the whole system of railroads centering at that point. At Centerburg, also, it connects with the Mt. V. and C. R. R., at Levering, with the C. C. C. and I. R. R., at Bucyrus, with the P. Ft. W. and C. R. R., and at Fostoria, with the L. E. and W. R. R. Granville is also connected with Newark by a daily line of coaches, at which point trains may be taken for all stations on the Baltimore and Ohio, and the Pittsburg, Cincinnati and St. Louis Railroads.

The buildings are situated on a hill, north of the town, less than six hundred yards from the Public Square. The site contains twenty-four acres, nearly half of it being a grove of old forest trees. The buildings are four. The first is a frame, 32x70 feet, three stories high, now used for a Gymnasium. The second is of brick, 133x45 feet, four stories high, containing four Recitation Rooms; three Society Halls and Libraries, Reading Room, besides thirty-three suites of rooms, affording accommodation for sixty-six students. Each suite of rooms consists of a sitting room 12x14 feet, a bedroom 8x11 feet, and closets. The third building is of brick, 235 feet long and four stories high, with basement room. It contains thirty-six suites of rooms, similar to those in the second building, and will accommodate seventy-two students; also, a fine Chapel, Laboratory, and four Recitation Rooms. The fourth building is Doane Hall, an elegant gift to the College from W. H. Doane, Mus. D., of Cincinnati; furnishing an ample space for the College Library, and for an Archæological and General Cabinet.

When the supply of rooms in the College buildings is insufficient for the number of students in attendance, additional rooms can be procured in town.

TERMS AND VACATIONS.

The Commencement is held on the last Thursday of June in each year.

The College Year consists of thirty-nine weeks, and is divided into three Terms, as follows: The Fall Term of fifteen weeks, the Winter Term of thirteen weeks, and the Spring Term of eleven weeks.

The Winter Vacation, which includes the Christmas Holidays, embraces two weeks; and the Spring Vacation, at the close of the Winter Term, one week.

The first College exercise of each term is Chapel service, on Thursday morning.

No Student is permitted to be absent a term, or to leave town during term time, without permission from the President.

Special attention is called to the fact that no Student can be absent from the regular College Exercises, even for a few days, without serious loss.

EXPENSES—COLLEGE DEPARTMENT.

The cost of Education in the larger colleges is becoming more burdensome every year, and in many cases is greater than can be borne. At Denison, expenses are little, if any greater than in the early years of the College, although there has been a large increase in the number of teachers, facilities for work, and general expenses in carrying on the institution. It is believed that a thorough and complete education can be obtained as cheaply here as in any college in the country. The following is an estimate of some of the more prominent items:

TUITION—Per annum,	\$34 00
Divided as follows: Fall, \$13; Winter and Spring, \$10.50 each.	
ROOM RENT—Fall, \$4; Winter and Spring, \$3 each,	\$10 00
Incidentals,	2 75
Fuel and Lights,	15 00
Books,	12 00
BOARD—39 weeks, at \$2 per week,	78 00
Washing	12 00
Sundries,	6 25
Total for a year,	\$170 00

Board, in clubs, costs from \$2 to \$2.50 per week. In families, \$3 to \$3.50. Whatever board costs above two dollars per week, must be added to the above estimate. Many students reduce their expenses far below this sum.

All term bills are to be paid, or satisfactory security for their payment lodged with the Treasurer, at the beginning of each term, before students take their places in their classes. No charge for tuition, room rent or incidentals will be for a less time than half a term.

Students furnish their own rooms in the college buildings.

Text books and stationery can always be obtained in the village.

The really necessary expenses of a student for a year, inclusive of clothing and traveling, range from \$150 to \$250.

LIBRARIES, READING ROOM AND CABINET.

The University and Society Libraries contain about fourteen thousand volumes. The University Library, in Doane Hall, is open in term time, daily, except Sundays, for the use of the members of the College Classes. The College Reading Room, open every afternoon and evening, is supplied with the choicest daily and weekly papers, and with the best English and American magazines and reviews.

The Cabinet contains a choice selection of shells, and a full series of specimens for illustration in Geology, Mineralogy, Zoology and Archæology. During term time it is open daily, except Sundays, to students and visitors. Students have the use of the University Library, as well as the Cabinet, free of charge. Both Library and Cabinet are receiving constant accessions.

SOCIETIES.

There are two Literary Societies connected with the College proper—the Calliopean and the Franklin—which have their own halls, and each a carefully selected library of about two thousand volumes.

SPECIAL STUDIES.

FACILITIES FOR INSTRUCTION IN ELOCUTION are provided when desired by a sufficient number of students.

Vocal Music and Penmanship are also taught by competent instructors. Charges for these courses for the present, will be extra.

MORAL AND RELIGIOUS INFLUENCES.

The whole life and administration of the College, without being sectarian, is pronounced and positive in favor of the Christian religion. The exercises of each day begin with prayer in the College Chapel. This service the students are required to attend. They are also required to attend Church twice each Sunday. A regular weekly prayer meeting is sustained in the College. Students are made welcome in the various Sunday Schools of the village. In the Baptist Sunday School, several classes, taught by College Instructors, are intended expressly for students.

AIM.

It is the desire of the Trustees and Faculty to conserve, and as far as possible, advance the honorable reputation already accorded to this College, for thoroughness, and other excellencies of mental discipline. The aim is to build, fashion, and develop young men in the most earnest and successful manner possible, intellectually and morally, for the higher vocations and duties of life. Every possible resource and effort is, and will be, employed in furtherance of this end.

PUNCTUALITY AND DISCIPLINE.

Every student, unless excused for special reasons, is expected to attend at least three recitations or lectures a day. His attendance on these must

be punctual. *Five* unexcused absences from College appointments during one term, or *twenty*, amassed in different terms, result in suspension from the College.

Careful records are kept by the College officers, from which each student's character for punctuality, as well as for attainments in his studies, can be at any time ascertained. This information, in the case of any student, will be furnished to his parents or guardians at any time, on application to the President.

EXAMINATIONS.

A rigid examination of every class is held at the close of each term. In most cases the examination is both oral and written. If a student's grade for a given term falls below six-tenths of the *maximum*, regularity in work and good conduct being elements in making up his standing, he is not continued as a member of his class. In determining this grade, also, his examination mark has half the power of the aggregate of his term marks.

DEGREES.

The several degrees A. B., B. Ph., and B. S., are conferred only on such candidates for the same as have passed satisfactory examinations upon all the studies required.

Candidates for these degrees are required to pay the Treasurer their dues, including a graduating fee of five dollars, as early as Monday before the Commencement.

MASTER OF ARTS.—Every graduate of three years' standing, who has, during that time sustained an honorable position in any learned profession, or otherwise maintained his intellectual growth, may receive the Degree of Master of Arts, on payment of a fee of five dollars, provided he shall, in the interval, have borne a good moral character. Application must be made to the President previous to Commencement.

SCHOLARSHIPS.

Several Memorial Scholarships have been established during the past year, which will be published as soon as they become productive. There are also ten Special Scholarships established by the Trustees, at the last Commencement. Three surrendered scholarships are also at the disposal of the Faculty. No one receives the benefits of these scholarships who does not maintain a good rank in his classes, and a good moral character.

ADVANTAGES.

Many considerations particularly recommend Denison University as a place for acquiring liberal learning. Its courses of study are thorough and comprehensive; students in it are peculiarly free from incentives to dissipation; they are constantly subject to a strong Christian influence; the location of the University is beautiful and salubrious; the means of living are obtainable at a low price, and the intellectual life of the College community is quickened by the presence of other schools.

Weekly Exercises in Reading, Declamation and English Composition are required through the whole of each of the above courses.

SOULE and WHEELER'S Manual on Pronunciation and Orthography is studied (in connection with the Rhetorical Exercises) during the Fall Term of each year; Orthoepey and Expression, during the Winter and Spring Terms.

For students in this department the Abridged Edition of Liddell and Scott's Greek Lexicon, and White's Junior Student's Latin Lexicon are recommended.

Preparatory Department.

Most of the general information relating to the College Department applies equally to this. A few items may, however, be profitably added.

THE SEVERAL COURSES.

The Preparatory Classical Course has not been materially changed.

The Philosophical Course has recently been adopted and there are likely to be several variations from the curriculum as presented. It is intended, however, to arrange it so that it will cover the same time and require as much labor as the Classical Preparatory Course.

The Preparatory studies for those who enter upon the course leading to the degree of B. S., remain as before. But it may be expected that such additions will be made in the departments of Science and Modern Languages as will make this course equal to the others in time and labor required. Modern Languages, also, may be substituted for a portion of the Latin.

AIM AND METHOD

It is the special aim of this Department to bestow the very best quality of preparatory instruction. Its courses are especially shaped to the *curricula* of this College, but students who have thoroughly completed them, will, in general, find no difficulty in entering any other American college. The instructors are accomplished, experienced, enthusiastic and painstaking. The method is one with that employed in the College Department; daily and sufficiently exacting recitations on the part of the student, and careful, laborious exposition on the part of the instructor.

EXPENSES.

The expenses in this Department are the same as in the College Department, with the exception of tuition. The tuition in the Preparatory Department is :

For the Fall Term,	-	\$10 00
For the Winter and Spring Terms, (each)	- - - - -	7 50

ENGLISH AND GENERAL STUDIES.

Students not accommodated by any among the regular courses of study, can join such classes in either the Preparatory or College Department as they may be prepared to enter. Such students, however, will not be allowed to impede their classes by poor scholarship.

Besides the regular classes, classes in Higher Arithmetic may be formed each term. Classes in Penmanship and Phonography may also be formed at any time, at the expense of the student.

DEFICIENCIES IN CERTAIN BRANCHES.

Students often apply for admission to the regular classes who are behind those classes in some study. If such students show ability, all possible assistance is afforded them in compassing their purpose. It is sometimes, however, necessary for them to secure private instruction for a short time ; but this may be obtained at very reasonable rates.

LITERARY SOCIETY.

The Ciceronian Society, a flourishing organization, designed for debate and literary culture, is open to all the members of this Department. The new hall of this society is spacious and commodious. It has recently been fitted up by the society, and its appointments are excellent.

LIBRARY PRIVILEGES.

Members of the Senior and Middle Classes have access to the College Library equally with college students. Other pupils in this Department can at any time secure books from the College Library through their instructors.

ROOMS IN THE COLLEGE.

Students not rooming in the College must have their rooms approved by the Faculty, and such students will be subject, so far as applicable, to the same rules as those having rooms at the College.

REGULARITY AND PUNCTUALITY.

Students always lose much by beginning the studies of a term behind their class; likewise by absence, even for a single day. Such losses can never be fully repaired. Although students are admitted at any time, it is highly desirable that they begin their studies at the College with the Fall Term. If the attendance is expected to be only for a single term, that term is the best. If for longer, especially if it is a year or more, the regularity secured by beginning with the College Year in September adds greatly to the profit of the study.

DISMISSION.

Students leaving before the close of a term will not be regarded as having honorably terminated their connection with the College, unless regularly dismissed by the President.
